

My snowman has three flowers as his body. The smallest one (the head) is yellow and the middle size is bright green and the biggest one is light blue. And it's arms are yellow like the head. The arms have no fingers and one is in a waving position and the other one is an upside down waving position. The eyes are black sun glasses and a black nose and nine dots for the mouth. The back ground is black with a light purple beach with a umbrella and a star on the ground and swirls on the ground.
